CORPORATE COMPENSATION & PAYROLL POLICY

=====

Document ID: ATS-FIN-SP-2026

Effective Date: January 1, 2026

Version: 1.1

Applicability: All Salaried Employees and Contractual Staff

1. OBJECTIVE

This policy defines the structural components, disbursement cycles, and regulatory compliances governing employee compensation.

2. SALARY STRUCTURE COMPONENTS

Employee compensation is calculated on an annual Cost-to-Company (CTC) basis and broken down into the following monthly components:

- * Basic Salary: Constitutes 40% to 50% of the total fixed CTC.
- * House Rent Allowance (HRA): Allocated as per local statutory laws.
- * Special Allowance: Balancing component based on designation level.
- * Statutory Deductions: Includes Employee Provident Fund (EPF), Professional Tax, and Tax Deducted at Source (TDS) as per current government slabs.

3. PAYROLL DISBURSEMENT CYCLE

- * Payroll Cycle: Calculated from the 1st to the last day of each calendar month.
- * Pay Date: Disbursed on the final working day of the active month.
- * Mode of Payment: Direct electronic bank transfer to the employee's registered corporate salary bank account.

4. SALARY ADVANCES

Employees experiencing unexpected financial emergencies may apply for an advance of up to 50% of their net monthly salary. This requires written approval from both the Department Head and the Chief Financial Officer (CFO), with automatic recovery split across the next two consecutive payroll cycles.
